- MySQL
- Python

PROFILE

I'm a 2nd-year B.Tech CSE student with a strong interest in Web Development and Cybersecurity. I enjoy building user-friendly web applications while also exploring how to secure them against potential threats. My journey blends creativity with problem-solving — from writing clean, scalable code to participating in Capture The Flag (CTF) challenges and learning about ethical hacking.

WORK EXPERIENCE

INTERNSHIPS

Ybi Foundation, 1 Months

- Strengthen my understanding of AI/ML concepts.
- Tackle challenging projects with dedication and enthusiasm.

Codtech IT Solutions, 1 Months

- Gained work on real-time projects, and gain valuable industry experience.
- Enhanced my problem-solving ability, creativity, and technical proficiency.

EliteTech Intern, 1 Months

- Enhanced my skills in web development and tackled complex projects.
- Gained hands-on experience in solving real-world challenges.

PROJECTS

IOT based home appliances, 1 Weeks

- Enables smart home automation by connecting and controlling appliances via the internet. Users can manage lights remotely through mobile apps.
